

I am writing in favor of Air 1 to remain in the current position. If there is effect from LPFM that will remove Air 1 I do favor such action. Air 1 provides uplifting messages to the public that favor constructive attributes to listeners. If Air 1 was to be removed it would be a more destructive, than constructive for a segment of this areas contributive citizens. Air 1 is informative to this segment, and is an understandable medium. If removed, there would be one less "positive" form of communication. If removed, there would be one less informative system, in a time where there is a marginal existence of such radio stations as Air 1, specific to this area. Thank you for allowing my comment to be heard.
